TOPIC: NextGenU.org –Portal to Free, Higher, Education Courses

SPEAKER: Dr.Sathish Kumar.K.S

Objectives:

- Cultivating a new culture of learning through NextGenU.org
- The world's first (since 2001) and still only portal to free, higher education certificates
- instructions on how to register for the courses of your choice offered by NextGenuU.org

Audience: All faculties of MNRHMC

Brief Write up:

- NextGenU.org is the world's first free university which offers free courses and degrees to students.
- NextGenU.org is often referred to as the world's first free university, but have no independent university accreditation.
- Collaborating with our university partners and other expert organizations, they provide free courses and issue free certificates to individual students successfully completing courses with them.
- Institutions may also adopt their free courses and curricula and offer low-cost or free courses and degrees to their students.
- NextGenU.org is working with partners around the world to provide online learning options during times of restricted travel

Materials used: PPT Presentation

Brief Report:

- Faculty development committee of MNR Homoeopathic Medical College organised a faculty development Programme on 09.01.2021. Our Principal, Dr.Manilal.S inaugurated the first session of FDP & CHME of the year 2021 and he introduced the new programme named CHME- Continuing Homoeopathic Medical Education to the faculties. The Faculty Development Program session was handled by Dr.Sathish Kumar.K.S, Professor, Dept of Pathology and Microbiology of MNR Homoeopathic medical College. He spoke about the world's first and still only portal to free, higher education certificates.This programme was organised for the benefit of teaching faculties in familiarizing with latest online courses in interdisciplinary areas. All the faculties were participated in this FDP. He provided faculties with an overview of how to register for the courses of your choice offered by nextGenU.org. Participants will also learn how to select courses, how to do pretest etc. Participants remarked that digital literacy is a weak area for teachers, and that doing online courses would enable them to update their content and teaching methods, as well as provide them with increased professional development opportunities. Vote of thanks was given by Dr.Aarathi Reddy.
